No. 2523

## Clemson To Make Merry At "Taps" Ball Masque

More Than a Hundred Girls  
To Be At Clemson for  
Carnival Hop

Friday, March 19 will be gala day at Clemson for that is the date of the Taps Carnival, one of the biggest social events ever staged at Tigertown. Plans are fast being completed to make this dance a great success and everything is almost ready. The gymnasium floor has been enlarged to accommodate even a larger crowd than is expected, all the girls have been placed—in fact, everything is "ship shape."

Not even the cadets will be able to recognize the interior of the gymnasium for the decorations are most elaborate and there is not an inch that is not covered with some decorations. This work is in charge of Prof. Maruice Seigler, an expert in this line of work. He and his helpers are transposing the gym into a beautiful ball room.

Good music is assured by the fact that the Club Southern Orchestra, of Asheville, N. C., will play. This orchestra was formerly Fulchers Pennsylvanians. This group of men has made numbers of Victrola records, and the dance officials are to be complemented on

making a good choice.

The costumes that will appear at the ball will be of many beautiful and varied designs. One can only imagine how pretty it will be as the colors of every hue and tone blend with the dark blue, red, and white of the cadet's uniforms. The list of expected guests shows that there will be more girls present than have attended a Clemson dance before and among them will be the most popular of this and the neighboring states.

The guests will be entertained at dinner in the mess hall by Capt. J. D. Harcombe immediately after retreat Friday. At six-thirty the Clemson Glee Club will give a performance in the college chapel. These boys have just completed a tour of the state and are ready to furnish ideal entertainment for the cadets, their guests, and the faculty. Every one should attend if possible.

At nine-thirty the dance will begin, and it will be in real cabaret style. There will be exhibitions, favors, unique dances, revues, and other features.

Those who are going to attend should pay up in Room 141 as soon as possible to avoid the rush and to be sure their names will be on the permit.

## MUSIC CLUBS ARE ENTERTAINED HERE

Concert By Band and Concert  
Orchestra Given Thursday  
for Visitors

During the annual state convention of the Federation of Music Clubs, held in Anderson last week, the delegates to the convention visited Clemson College as the guests of the Concert Orchestra and the Cadet Band.

The delegates, who came from all parts of South Carolina, were brought to Clemson in automobiles last Thursday afternoon by Anderson people. Here they were shown over the campus, received by a number of ladies of the campus, and served tea, after which they attended a concert given in their honor by the band and concert orchestra.

An hour of splendid musical entertainment was furnished by these two organizations, the band numbers being of an especially high standard.

At the conclusion of the program, several ladies of the visiting delegations formally thanked Clemson for the entertainment and congratulated the cadet musical organizations on their fine performance.

### PART 1

1. Overture — "William Tell"; Rossini.
- (a) Dawn.
- (b) The Storm.
- (c) Finale.
2. Marche Militaire No. 1; Schubert.
3. Overture — "Le Roi D'ys"; Lalo.

CLEMSON CONCERT BAND.

### PART 2

1. Overture—"Freischütz"; Weber.
2. Introduction to "Faust"; Gounod.

CLEMSON CONCERT ORCHESTRA

### APRIL FOOL NUMBER

The Tiger will this year publish an April Fool Number to be distributed just before the cadets leave for their spring holidays on April 1.

For this one special issue The Tiger will depart from its policy of endeavoring to present the news as accurately as possible, and nothing will be printed in the April Fool Number that is true.

Every member of the student body is invited to contribute to the April Fool Number. Imaginations may run rampant; any subject may be used; and the articles may be long or short.

All cadets are urged by The Tiger staff to write up all the fictitious, humorous events they can imagine about any person or thing on the Clemson campus. Only one limitation will be imposed: the humor must be good-natured and clean. So long as it keeps within these bounds, the sky is the limit.

All material for the April Fool Number should be turned in by March 25 to W. W. Bryan, Room 137, or F. B. Leitsey, Room C 1.

## TIGER SONGBIRDS TO GIVE FIRST HOME CONCERT IN CHAPEL FRIDAY NIGHT

Many Musical Features and  
Comedy by Leitzsey and  
Cromer Included

After winning much praise from audiences in all parts of South Carolina, the Clemson Glee Club will give its first performance on the campus Friday night.

This program by the Tiger Songbirds will be one of the entertainment features provided for the Taps Carnival masquerade ball. The Glee Club concert will take place in the college chapel just after the cadets and their fair visitors have had supper in the mess hall.

All varieties of musical entertainment are included in the program to be presented by the club. The chorus numbers by the entire group include both popular and standard music. Under the direction of Cadet W. A. Shands, the club's chorus singing has reached a very high standard. The musical quality and training of the voices is proven by the fact that the Clemson club

won second place in the state contest held recently in Spartanburg. Other vocal numbers will include quartet and octet singing, and solos. The tenor solo by Mercer Ross is one of the most beautiful numbers on the program. Supplementing the singing, will be the jazz music of the orchestra.

Always popular, and better this year than ever before, are the comedy numbers of Fred Leitzsey and Jake Cromer. This is a pair of fun-makers worthy of any high-class minstrel show. Both do the regular black-face stunts, and both also do several specialties. Jake has made a big hit as a little boy, while Fred does a Scotch number and also an "Old-Time Ducky" number. His Scotch is said to be in a class with Harry Lauder himself.

The Clemson Club has given a large number of performances in various parts of the state, achieving a fine reputation. Consequently the home folks of Tigertown are anxious to hear the Tiger Songbirds.

## COMEDY HIT, ADAM AND EVA, WILL BE ON BOARDS IN CHAPEL TONIGHT

Vivian Players to Give Performance For Benefit of  
Band and Orchestra

"Adam and Eva," a comedy drama of American life, will be presented in the college chapel Wednesday at 7:00 P. M. by the Vivian Players. Long roll will be extended until after the performance. Admission will be 25 cents to cadets and those who have lyceum course season tickets, and 75 cents to others.

The Vivian Players are a high class dramatic organization. They were not scheduled to come to Clemson, but having an open night on their tour, they consented to appear here for the benefit of the band and concert orchestra. The proceeds of the performance will be given to those organizations.

"Adam and Eva" has been a hit with audiences in all parts of the country. It is written by Guy Bolton and George Middleton, two of the country's leading playwrights.

## ANDERSON SENIORS TO GIVE PLAY HERE

"Alice Sit By The Fire" To Be  
Given in College Chapel  
Monday

The people of the campus and the cadet corps will have an unexpected pleasure next Monday night when the Senior Class of Anderson College will present their attractive play "Alice Sit By The Fire," here in the college chapel.

"Alice Sit By The Fire" was written by James M. Barrie, and is in three acts. In its initial performance the play was received with enthusiasm. Many people were heard to say words of praise about

the cast and the theme of the play.

The charming young ladies of the cast are: Misses Kathryn Cannon, Vineta Cunningham, Nellie Eskew, Cornelia Milam, Myrtle Smith, Elizabeth Davis, Carrie Cothran, Bertha Kelly, and Meryl Barnes. Miss Edith Hall is the director. The play is being given here under the auspices of the cadet band. While they are here the band will act as host to the ladies.

The time of the play has not been set as yet. The admission charge for campus people will be thirty-five cents; for cadets, twenty-five cents.

## DR. SIKES SPEAKS AT VARIOUS PLACES

President E. W. Sikes spent Sunday and Monday of the past week in Charlotte and Monroe, N. C., where he went to see an ill brother. He returned to the college Monday night.

Tuesday night President Sikes addressed the Parent-Teacher association at Seneca at its regular monthly meeting. The Rev. E. C. Kolb, pastor of the Baptist church, accompanied Dr. Sikes and also spoke at the meeting.

Thursday night Dr. Sikes attended a very enthusiastic meeting of the Spartanburg chapter of Clemson alumni at the Franklin hotel. A most enjoyable banquet followed the meeting, at which Dr. Sikes spoke.

Sunday Dr. Sikes was in Charleston, where he was scheduled for three addresses. At 5 o'clock in the afternoon he made a talk before the Billy Sunday brotherhood of Charleston, at 7 o'clock he addressed the Y. M. C. A. at the Citadel and at 8 o'clock he spoke in St. Barnabas' Lutheran church.

## WAR DEPARTMENT BOARD OF INSPECTORS TO BE AT CLEMSON ON APRIL 9 AND 10

Two Officers Will Decide  
Whether College Will be  
Distinguished

Notice has just been received that the military unit of Clemson College has been designated by the War Department as one of the eleven units of the South eligible for the annual inspection by the Board of Inspectors of the War Department.

The inspecting board, composed of Major Stockton, of the Coast Artillery, and Major Richardson, of the general staff, will be at Clemson for two days, April 9 and 10.

Every year the War Department selects eleven military units of the South to be inspected, these eleven being determined by an earlier inspection a few months ago. Clemson made a successful showing and impressed Colonel F. W. Rowell enough to cause her to be rated among the eleven. This inspection next month is for the purpose of selecting the Distinguished Colleges of the country, a distinction which Clemson has held for a number of years and hopes to continue to hold.

The cadet corps have almost a month to prepare for this inspection, and it is the duty of every man to work so that Clemson can come out on top and retain the "Distinguished" star.

## CHORAL CLUB PRACTICES TO PRESENT "MARTHA"

Under the management of Prof. E. J. Freeman, director of the college band, a large and enthusiastic

Choral club has been organized, composed of members of the faculty and people of the community. The club meets for practice every Tuesday evening and for several months has worked very diligently. In the spring Professor Freeman hopes to have the opera, "Martha," sung in the college chapel by this club. Both Mr. and Mrs. Freeman have given untiringly of their time and efforts in the music work of the community, and the presentation of "Martha" will indeed be an achievement.

## BIG HIGH SCHOOL TRACK MEET HERE TENTH OF APRIL

The annual track meet for the Second District of the South Carolina High School League will be held here on Riggs Field on April 10.

Included in the Second District are five counties, Oconee, Pickens, Anderson, Abbeville, and Laurens. There are 41 high schools in these counties and it is likely that at least twenty of these schools will enter teams in the meet to be held at Clemson. Consequently a large number of high school students and teachers will be on the Clemson campus for the event.

High school meets held here in the past have always been highly successful, and it is therefore expected that this district meet will be run in fine style.

It is probable that a Pickens County meet will be held here on April 3.

# The Tiger

"HE ROARS FOR CLEMSON"

Founded by the Class of 1907 and published weekly, during the college session, by the Corps of Cadets of Clemson College.

Subscription, \$1.50 the year.

## EDITORIAL

Again sounds the time-worn but ever-welcome, "On with the dance!"

The Tiger staff invites every cadet at Clemson to try his hand at writing a story for the April Fool Number. Anything that is not true, provided it is good-natured fun, will be acceptable.

This week, in spite of the continued cold weather, brings the official opening of the baseball season. Clemson's varsity nine will be in Atlanta Friday and Saturday playing the first two games of the year with the Yellowjackets of Georgia Tech. It is hoped that the Tiger team will be a winner. Many games will be played on Riggs Field during the season. It is up to the cadets to back this team as they always back Tiger teams.

Clemson's Glee Club will give its first home performance Friday night. These talented and well-trained Tiger Songbirds have appeared before many audiences this winter, and at each appearance have been much applauded and praised for their ability. The people of the state have recognized the club as one of the best of its kind anywhere. Now the home audience in Tigertown will get a chance to hear their program. A large audience should turn out for the show in the chapel Friday night. Fred Leitzsey and Jake Cromer alone will be worth the price of admission.

### NO SUPPORT HERE

Clemson students and other Southern college men are very much like all other college students in many ways. But there is one propagandist movement, which is spreading like wildfire in some parts of the country, for which there is little or no sympathy in the South in general and at Clemson in particular. We refer to the pink-tea pacifist movement which is seeking to undermine R. O. T. C. training in the colleges of the country.

The Tiger has not always been in sympathy with military government for the Clemson student body, though many of the objections along this line have been removed by the amendments to the regulations which have made Clemson a very much better place this year. But that the R. O. T. C. training at Clemson and at other colleges, with its numerous advantages, both to the individual and to the country, is a most excellent thing there is little cause to dispute.

Any man who has not in his arteries enough red-blood to be willing to defend his country in time of war, and who is not willing to devote a little time to peace-time training in preparation for the possibility of his country's need is not worthy the name of man. Certainly he would not be deemed a Tiger of Clemson.

So far as we know there has not been the slightest sympathy at

Clemson for this pacifist movement, and we print this simply to assure the world that Clemson has no such ideas. Each week The Tiger receives voluminous amounts of parlor-Bolshevist propaganda from the organizations backing the movement. They go to the waste-basket.

The Tiger has not hesitated to raise its voice against things that it thought were wrong at Clemson. But the R. O. T. C. is certainly not one of the things that needs abolishing.

## EIGHT GAMES ARE BILLED FOR CUBS

### Incomplete Freshman Baseball Schedule is Announced

Although the complete schedule has not yet been arranged, eight games have already been scheduled for the Clemson freshman baseball team.

The Clemson athletic authorities have already billed four games each for the Clubs with Piedmont College and North Georgia Aggies of Dahlonega. Each of these teams will come to Clemson for two games, and the Whelps will go to Demorest and Dahlonega for two return contests in each place.

Other games will probably be added to the rat program in the near future.

The games already arranged for the freshmen are:

April 9. North Georgia Aggies at Dahlonega.  
April 10. North Georgia Aggies at Dahlonega.  
April 19. North Georgia Aggies at Clemson.  
April 20. North Georgia Aggies at Clemson.  
April 23. Piedmont at Demorest.  
April 24. Piedmont at Demorest.  
April 30. Piedmont at Clemson.  
May 1. Piedmont at Clemson.

## GLEE CLUB APPEARS AT NEAR-BY TOWNS

Continuing the series of performances being given in all parts of the state, the Clemson Glee Club made two trips to near-by towns last week, appearing in Seneca Friday night and at the Catechee Mill near Norris Saturday night.

The audiences in both places were highly pleased with the varied program given by the Tiger Songbirds, especially loud applause being given to the comic numbers.

In Seneca, Jake Cromer, star end-man, was appearing before his home-town folks, and he was the king of the performance. Apparently Jake owns the town of Seneca and all that therein is.

## CONCERT ORCHESTRA VISITS GREENVILLE

### Clemson Musicians Give Concert in G. W. C. Auditorium Friday

The Clemson concert orchestra, composed of 24 pieces, the only college orchestra in the state that devotes its efforts to classical music, gave a concert in the Greenville Woman's College auditorium in Greenville last Friday night. Only a small audience was present to enjoy the high class program rendered by the cadets, but those who were in the audience seemed well pleased with the program.

The orchestra is planning a trip through the state in a few days and has arranged dates for a number of towns on the itinerary. Much credit is due the members of this organization for their efforts toward preserving the classical and higher forms of music which seem to be losing prestige in this modern world.

Last Thursday afternoon the orchestra entertained the State Federation of Music Clubs who drove over to Clemson for a visit while meeting in Anderson.

The program rendered in Green-

ville was as follows:  
Overture—"Freischuetz", Weber.  
First Symphony—"Andante Cantabile", Beethoven;  
Scherzo—Opus 16; Weiniawski.  
Holland Carter, Violinist.  
Ballet Suite from "Sylvia"; Delibes.

### INTERMISSION

(a) Andante from String Quartet in E Flat Major—Von Dittersdorf.

Arranged by Alfred Pochon  
(b) Old Black Joe—Old Plantation Song—

Arranged by Alfred Pochon  
STRING QUARTETTE  
Overture—"Faust", Gounod.  
Romanza—Opus 26; Svendsen.  
OTTO ZAGORA, Violonist and Orchestra

Military Symphony—First Movement; Haydn.  
Buona Notte; Nevin.

Two men fell into a conversation at a dance. Said one: "Say, I wonder what's the matter with that pretty little dame over there? She was as sweet a little petter as you'd want to see an hour ago and now she cut me dead. I wonder why?"

"I think she sees me. She's my wife."

Have a drink at Sloan Bros. Drug Store Friday night.

## One dream come true

FOR the man whose Castles in Spain are built in the laboratory, here is the promise of a dream come true.

In communication research, men have seen a thousand great visions in little test tubes, hundreds of new thoughts reflected in the mirrors of galvanometers.

A life-time of this work is waiting for the man who loves it, and under conditions that he has always longed for. A wealth of apparatus and materials, an abundance of knotty problems, a group of associates who are helping in the great work—these are a natural part of this far-reaching industry.

The requirements of communication call for deeper, ever deeper inquiry, and not only along electrical lines but in chemistry and mechanics as well—all science contributing the stuff of which the researcher's dream is woven.

How to "Get By" at the Taps Dance.

First, be sure and wear your mask so the young lady won't be able to see your face. Don't forget your chewing gum, a good wad of it is often a great help to the orchestra, but be sure when you chew that you keep in time with the music.

Of course your attention will be attracted by the various costumes present. So walk over to a young couple and hit the cadet that is dancing with her a good lick on the arm and say, "may I burst?" If he say "no" then go ahead and break anyway.

Be sure and inform the young lady that you know her well. In fact, you have been just dying to dance with her all night.

It is a good idea to teach her a few new steps. You do this by stepping on her toes. Tell her that she ought to learn that new step before long.

If she wants to try the "Charleston" tell her to go ahead and you'll watch her and be ready to pick up the pieces. Just before some one breaks you tell your partner that if possible you will try to favor her with another dance later in the evening.

Be sure not to be ignorant.  
—F. B. L.

#### HOLSTER

He holster his money like a miser.

#### HANDICAP

I chased him and he kep' on going

#### ISTHMUS

'Is 'mus be the place I want.

#### JUSTIFY

He was mad just if I had slapped him.

#### PASTEURIZE

Say kid, paste your eyes on 'is.

Sophomore White looking through the files in the library and saw the letters "i.b.i.d." so he asked the librarian if he could get the book by Mr. Ibid.

One—"Say, your girl's pretty modest, isn't she?"

Second—"Yes. We were at a track meet the other day, and she yelled, 'Oh, look! Those two men are "a-chest" of each other.'"—Penn State Froth.

Speaker—"And we want home rule for Ireland."

Smart Aleck—"And home rule for Hell!"

Speaker—"That's right, everybody speak up for his own country."—Harvard Lampoon.

#### NOT SO MANY

"Your woman virtuous? Why, Bill, she necks every man in town." But Joe, it's only a small town."—Jack o' Lantern.

A maiden fair in dairy cloak

Went out to milk a family goat She patted, cooed, and said "Nanny, be still!"

The animal said, "I ain't nanny—I'm will!"

—Lord Jeff.

Rowing Coach—"You want to come on the crew, huh? Ever rowed before?"

Candidate—"Only a horse, sir."—Pennsylvania Punch Bowl.

As Hard-Hearted Hannah said to the Prince of Wales, "Go home kid, and come back when you're king."—Voo Doo.

"Does it cost you much if you rent an auto from one of these drive-it-yourself places?"

"It all depends. Why only last night I rented one four hours and it only cost 75 cents. Some date!"

Oh yes! He is a college lad And has won him great renown; Folks that doubt can easily see His sox are hanging down.

#### SAYING OF THE GREAT

David—"The bigger they are the harder they fall."

Helen of Troy—"So this is Paris!"

Solomon—"I love the ladies."

Noah—"It floats."

—Ex.

Hern—"Isn't this a stupid party?"

Her—"Yes."

Hern—"Then let me take you home."

Her—"Sorry, I live here."

—Ex.

Am He Gone. Are He Went!

Alma made an angel cake

For her darling Harry's sake.

"Harry, you a piece must take."

This she meant.

Harry ate it every crumb.

Then he heard the angels hum,

Calling softly, "Harry, come."

Harry went.

—Ex.

—Ex.

#### I Certainly Do

"Do you believe in heredity?"

"I certainly do. Why, for instance, is my six-month-old son always trying to get his toes in his mouth if it isn't because of his dad's constant struggle to make ends meet?"

—Ex.

#### A Good Reason

Student—"Sir, I want permission to be away three days after the end of vacation."

Professor—"Ah! you want three more days of grace."

Student—"No; three more days of Gertrude."

—Ex.

"A little bird told me what kind of a lawyer your father is."

"What did it say?"

"Cheep, cheep!"

"Well, a little duck told me what kind of a doctor your father is."

—Ex.

"Bill, don't leave such a big margin, you are wasting paper."

"Who's writing this?"

"You are, but it is my paper you are writing on."

—Ex.

Condemned Prisoner—"Warden, I need exercise."

Warden—"Well, what kind of exercise would you like?"

C. P.—"Well, I'd like to skip the rope."

Samson had the right idea about advertising. He took two columns and brought down the whole house.

—Ex.

#### A FRIEND WITH A PULL

Cork—"Do you know that you bore me?"

Corkscrew—"Well, you'll have to admit I've gotten you out of many a tight place."

—Ex.

"Where is the Manager's office?"

"Follow the passage until you come to a sign reading, 'No admittance.' Go upstairs until you see a placard saying, 'Keep out., Go on down the corridor until you see another sign reading, 'Silence;' then yell for him."

—Ex.

"I hear your son is quite a journalist in college. Does he write for money?"

"Yes, in every letter."

—Ex.

## M COMPANY WINS SEMI-FINALS FROM G COMPANY TEAM

Champions of Third Battalion Defeat Second Bat Champs 12-0

Fighting like demons every minute of play, and exhibiting dash and vim that would do credit to a varsity eleven, the valiant warriors of Company "M" bucked through "G" Company's opposing stone wall for two touchdowns in the first half of the game Friday afternoon, and held the second battalion outfit scoreless throughout the entire battle, thereby winning 12 to 0.

The first marker was scored when "G" Company lost the ball on a fumble fifteen yards from their goal, and Cuttino, "M" Company end recovered and carried it over the line. The second touchdown came in the second period when a twenty yard pass from Ragin to Cuttino was completed, and Cuttino stepped past the two men between him and the goal and ran twenty yards for the final tally.

The G Company outfit threatened twice to score but each time the opposing forces held, and forced them to kick. The game was played most of the time in G's territory. Both teams pulled some very effective end runs, but the punting of both was bad, very little yardage being gained by either team on kicks.

J. W. Adams in the backfield, and Casper West and Bob Sanders in the line were the outstanding players for G company. Adams was a demon on end runs, while the two last named were bulwarks of defense. Talley Smith was one of the mainstays of this outfit until he was forced to leave the field with an injured shoulder, and his loss was felt keenly.

Jack Ragin at quarter, and Wilson and Littlejohn were the shining lights in M Company's backfield. "Sleepy" Cuttino and Welborn played like veterans at the end positions while Higgins never failed to drive a hole in G Company's line.

## FARM POWER EXPERT IS VISITOR HERE

Prof. Davidson, of Iowa State, Makes Agricultural Engineering Study

At the request of Sec. of Agriculture Jardine, Prof. J. B. Davidson, Head of the Department of Agricultural Engineering, Iowa State College, has been given a years leave of absence in order to make a survey of all the Agricultural Colleges and Experiment Stations in the interest of research in mechanical farm equipment. The importance of this work is shown by the fact that the largest single item in the production of farm crops is man labor and power. This cost can only be reduced by the use of more efficient machinery and larger power units.

During his visit to Clemson on March 10 and 11, Prof. Davidson conferred with Dr. Sikes, the Directors of the Agriculture and Engineering Departments and members of the Experiment Station Staff. The members of the Sophomore class taking the course in Farm Machinery were fortunate in having him address them during their class period.

While here Prof. Davidson was the guest of Prof. J. T. McAllister, Assoc. Prof. of Agricultural Engineering and a dinner was given in his honor at the John C. Calhoun Hotel in Anderson Wednesday evening at which Dr. Sikes, the Director and members of the College Staff were present. It is probable that as a result of Prof. Davidson's visit some research work in Agricultural Engineering will be undertaken by the Experiment Station in the near future.

Prof. Davidson has had wide experience in the field of research in mechanical farm equipment, influencing the design of many of the large labor saving farm machines now used in the middle west. He is

a charter member and first president of the American Society of Agricultural Engineers and recognized as the foremost engineer in this profession in the United States.

## INDUSTRIAL FILM 'DYNAMITE' SHOWN

A six-reel industrial motion picture showing the manufacture and uses of dynamite was shown in the chapel Monday night. A large number of students and others were present for the showing of this film, and it was of much interest and benefit to chemists, engineers, and agriculturists alike.

The complete process of manufacturing commercial explosives, from the time the nitrates are mined until the finished product is used, was shown. In addition a large part of the movie was devoted to showing the use of dynamite in mining, industry, and agriculture.

This picture was brought to Clemson through the efforts of Dr. F. H. Pollard, of the Chemistry Department. It is one of a number which Clemson students have been permitted to see.

## RIGGS MEMORIAL SERVICES TO BE HELD APRIL 16

Memorial services honoring the late Dr. Walter Merritt Riggs, for many years president of Clemson College, will be held on April 16. At the time of these services the Riggs tablet in Memorial Hall, the college chapel, will be formally unveiled.

Speakers will be selected and the complete program for the services announced in the near future.

Major Alexander: Have you got any art gum?

Rat "Boochie" Web: Naw, we don't chew.

Arthur Boyd: Have you heard about the world peace movement?

"Doc" White: No, is it anything like the Charleston?

Mary had a little lamp,

She filled it with benzine

She went to light her little lamp

She hasn't since benzine.

## 'B' COMPANY WINS REGIMENTAL CHAMPIONSHIP IN FIERCE BATTLE

Trophy Cup Goes to First Battalion Champs As M Company Loses 18 to 0

The company football contests ended and the champion team was decided yesterday when B Company's yellow-jersied eleven defeated the M company outfit 18 to 0, in one of the hardest and roughest games that has ever been witnessed on Riggs Field. Veritably it was a bloody battle, and the number of casualties ran high. The yellow-jersied players were quick to take advantage of every opening that presented itself, and by some jam up playing early in the first period they were able to command the situation from the start.

The first marker came in the first period when B Company after bucking the ball down within twenty yards of the goal, got loose for a touchdown. As the same period neared a close G again got in position to score, but the quarter ended before they were able to carry the ball across. The second touchdown came after two plays in the second quarter. With the game thus safely in the cooler, and by strong defensive work they easily had things going their way for the rest of the game.

A strong wind made punting very ineffective, and was so icy cold that the players suffered from it. M Company was slow to get under way, probably due to exhaustion from playing two games last week and from many injuries sustained by members of the team in those games. Wilson, Higgins, and McCarley were unable to do their best on account of painful injuries, and the rest of the team seemed to lack spirit of cooperation, as a result of which they could not make any headway against their opponents' well organized defense.

But the much sung Company Football Tournament is history now, and B Company has won the trophy cup. May the best team always win in the future.

## NEW RECTOR WILL SUCCEED MR. LUCAS

Rev. Capers Satterlee to Take Charge of Episcopal Church Here

Mr. C. B. Lucas, who for the past several months has been acting rector of the Episcopal Church is leaving the latter part of the Seminary. Dr. Lucas has made many friends while at Clemson and his presence will be missed. He is to be succeeded in his work by Rev. Capers Satterlee.

Mr. Satterlee is a graduate of the University of the South, class of 1923. While at college he was a prominent athlete. Since his graduation Mr. Satterlee has had charge of parishes at Walterboro and Meggets. He is expected to take charge of the work here just after Easter.

## CLUBS AND SOCIETIES

### CIVILS HEAR KAVANAUGH

The local chapter of the American Society of Civil Engineers held a very important meeting in Prof. E. L. Clarke's classroom Thursday evening. The speaker for the evening was Prof. Dennis Kavanaugh, honorary member of the society. A large attendance enjoyed the program.

The subject of the talk was "The Panama Canal and its Engineering Interests." Prof. Kavanaugh began his talk by giving a general description of the canal, and then describing every thing of interest from the Atlantic side on through the canal.

After Prof. Kavanaugh had completed his talk, the business of the society was taken up. The members of the society voted to have the annual banquet on March 31 at the famous Pruitt Hotel at Starr.

—E. T. M.

### Dairy Club Meets

The attendance of the Dairy Club meeting on last Tuesday evening was quite gratifying. The speaker of the evening, R. D. Steer, made a very forcible talk on "Dairying of South Carolina."

It would have been advantageous to have had some of the agriculturists of the state who believe that cotton is the only crop for South Carolina present at this meeting to hear the talk of R. D. Steer, on dairying as the solution of the boll weevil problem in this state. Mr. Steer cited incidents that proved that a change from cotton to stock raising in the South was taking place rapidly. The many reasons given convinced the ones present that the advancement thus far incurred future success in dairying. He stated that history has proved that stock raising follows the failure of such crops as cotton. In conclusion he expressed his belief in a great future in dairying.

The members should realize when they miss a meeting they are suffering a great loss. The attendance must be one hundred percent from now on.

—J. R. P.

### ARCHITECTS' FEAST

The one great day of the year that the Junior and Senior Architects look forward to is the one on which the annual banquet is held at Starr. This year the affair was held somewhat earlier than usual.

On last Wednesday evening the Junior and Senior Architects, with several of the professors, motored to Starr to enjoy the banquet. Mrs. Crown Torrence, assisted by the able president of the society, J. E. Cudd, arranged the banquet in great style.

Never before had the Architects been subject to overeating as at this time. Prof. Dennis Kavanaugh and W. E. Chapman were chosen as the winners of the contest as to the best eaters. Prof. Kavanaugh

is capable of clearing all doubts as to the style of this banquet.

The following persons enjoyed the delightful occasion: Prof. R. E. Lee, Prof. Kavanaugh, Prof. Maurice Seigler, Dr. F. H. Pollard, Mrs. Crown Torrence, Mr. and Mrs. L. D. Tosier, J. E. Cudd, W. E. Chapman, R. E. Smith, M. L. Parler, G. W. Bryce, S. W. McDaniel, and C. R. Dobson. The Architects now have the banquet of next year to look forward to.

—C. R. D.

### TEXTILES HEAR HUNTER

The regular meeting of the Textile Society was held on last Wednesday evening. Mr. H. P. Hunter, Superintendent of Gluck and Equinox Mills of Anderson, was introduced, by the president of the society, W. R. Elliott.

Mr. Hunter began his address by giving a sketch of his life. He is a native Virginian, but has spent most of his life in the Textile center of the world, the New England States. In 1914 he moved to Anderson where he now lives.

One half hour was spent discussing general mill conditions and the manufacture of cotton. Mr. Hunter was asked many questions on wide and varied phases of this work, but he was able to answer all of them with ease. The meeting proved to be one of the most enjoyable and beneficial ones of the year.

The society feels honored in having a man of Mr. Hunter's ability

pay it a visit since it is seldom that a man of forty-three years experience takes that much interest in green men.

At the Textile Society meeting Wednesday evening, March 10, a large number of the textile students and several members of the faculty enjoyed a talk given on the manufacture of steel heddles.

Mr. Hampton Smith of the Flat Steel Heddle Manufacturing Company talked on the manufacture and uses of steel heddles. He gave some interesting facts concerning the manufacture of fancy weaving and how much the present steel heddles have done to make the change of fancy pattern on a loom less complicated.

Everyone present feels that he was greatly benefitted.

Prof. R. J. Cheatham gave a delightful dinner in honor of Mr. Smith and the president and vice-president of the society, W. R. Elliott and J. P. Batson.

### COLUMBIAN MEETS

The Columbian Literary Society held its regular meeting on Monday night. The meeting of last Monday night having been postponed on account of the revival services, the same program was carried out.

W. S. Harrison showed his ability as an orator in his oration on "Ambition." This oration was excellently delivered. Z. V. Thompson entertained the society with a

very humorous poem. G. S. Buie recited a poem called "A Similar Case." E. F. Springer, as humorist, entertained the society with some rare jokes on different members of the society.

The Columbian is going to put on a snappy program next week. All members are urged to be present and bring some prospective members with them.

### ARCHITECTS HEAR ENGINEER

The Architectural Society held its regular meeting on last Tuesday evening. One of the best programs of the year was enjoyed by those present. The principal speaker of the evening was Mr. F. R. Sweeny, Engineer of Anderson.

Mr. Sweeny talked on the subject of "Foundations," a subject which is very important to structural Engineers and Architects. The lecture involved some of Prof. Kavanaugh's mechanics, and the Juniors have begun to realize the value of this subject.

On account of the time being limited the program was not carried out in full. H. E. Keenan, humorist of the Junior class, furnished some very good jokes.

—C. R. D.

She — "A penny for your thoughts."

He — "I was thinking of going." Voice at head of stairs — "Give him two bits, daughter."

—Ex.

Pick a pipe  
and pack it  
with good old  
P. A.

TALK about "alliteration's artful aid" . . . the printer certainly raided the "p" box that trip. But let that go! The advice is just as serious and sound as though it were couched in the careful diction of an English prof.

Just get yourself a jimmy-pipe and fill the bowl to the brim with Prince Albert. Light up, and let the first fragrant whiff tell you that no other tobacco is like P. A.—or can be! Cool and sweet and fragrant, P. A. has everything a fellow ever wished for in a smoke.

P. A. can't bite your tongue or parch your throat. The Prince Albert process settled that in P. A.'s freshman year. Get yourself a tidy red tin of Prince Albert today. The first load-up will tell you why pipes are so fashionable among young men today.

**PRINCE ALBERT**  
—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

## CAMPUS NOTES

The D. A. R. held its regular monthly meeting at the home of Mrs. W. W. Fitzpatrick on Monday afternoon. Mrs. J. L. Marshall presided.

Miss Edith Mills entertained at a dinner party on last Saturday evening in honor of Miss Ruth Graves, who is visiting here from Rochester, N. Y.

Another delightful party in honor of Miss Graves was a bridge party given by Miss Doggett on Tuesday evening.

Born to Mr. and Mrs. Lewis Goodman on last Saturday, a baby. Mrs. Cole and Mrs. Johnson spent a few days in Atlanta last week.

Mrs. Willis entertained the Thursday Bridge Club at her home on last Thursday. After the game refreshments were served.

Mrs. J. L. Marshall attended the executive meeting of the Womans Auxiliary of the Piedmont Presbyterian, last Friday.

The School Improvement association held its regular monthly meeting on last Tuesday. Mrs. Mitchell was elected as the president for the next year.

The Literary Circle of the Womans Club held its first meeting last week at the home of Mrs. J. E. Anderson.

Mrs. C. C. Newman, Mrs. Doyle, Mrs. Brazelle, Miss Ida Calhoun and Dr. Calhoun representing the Andrew Pickens chapter of the D. A. R., went to Tammassee last Wednesday to present the school with a portrait of Mrs. F. H. H. Calhoun who has done so much to make the school what it is. This picture will be hung in the administration building at Tammassee.

## ELIMINATIONS FOR TENNIS TEAM NOW BEING CONTESTED

Many Candidates for Places on Team; Heller is Captain of Netmen

Elimination matches are being played daily for the purpose of selecting the Tiger tennis team. It is needless to say that a good team is expected since competition for berths on the team at present is very strong.

Many promising prospects report daily to the courts to "strut their stuff" in a courtly manner. The following men have entered the elimination contests: Marvin, Whilden, Alexander, Marshall, Fishburne, McCormac, Cuttino, Smith, White, Wiley, Lester Porter, Strickland, Ragan, Mundy, Ertle, McKerley, Durst, and West.

By the thirteenth of this month the final outcome of the elimination matches will be known. We may be certain that the team chosen will be a world beater, and one that is determined to bring home the bacon. As yet the schedule for the matches has not been completed, but a lively one is assured.

The squad will be led this year by Captain W. F. Heller. He is a regular shark at the game, and, aside from this necessary characteristic of a tennis player, he is well suited to lead the team. The position of captain of a tennis team is quite an honor and one which carries with it a number of responsibilities. Tigertown feels sure that the right man has the job and that he will lead the team to victory.

—W. C. B.

## TIGER MUSICIANS WIN PRIZES AT MEETING

The State Junior Musician Contest held in Anderson last week, two Clemson musicians, L. H. Graham and H. M. Carter, won honors.

L. H. Graham won first distinction with the clarinet, and H. M. Carter won second place with the violin. These men are both members of the Clemson Concert Orchestra.

The concert was sponsored by the South Carolina Federation of Music Clubs which met in Anderson last week.

## SUMMER SESSION PLANS ANNOUNCED

Courses Will Be Chiefly For Agricultural Teachers

The 1926 session of the Clemson College summer school will be held June 7 to July 17 inclusive, according to an announcement made yesterday.

The school will be conducted for the benefit of teachers of agriculture, rural schools, vocational schools, and social workers. Courses will be given, however, which will enable college students to make up back work. This work will be restricted to English and mathematics, it is understood. Cadets desiring make-up credit on other subjects will probably have to attend the summer school at the University of South Carolina, or elsewhere.

The summer school catalogue is now being printed, and those interested may obtain a copy by applying to Mr. J. C. Littlejohn, registrar.

## AUBURN PROF WILL CONDUCT STUDENTS TOUR OF EUROPE

Auburn, Ala., March 16.—A Dixie Students' Tour of Europe is being organized and will be conducted during the coming summer under the personal supervision of Professor Charles M. Strong, head of the Department of Economics here. The tour is arranged especially for southern students and teachers and will be under the business management of the Tourist Company of the East.

The party will sail from New York aboard the steamer Lancastria June 5, and on the return trip will dock in the same city August 2. Included in the itinerary will be sightseeing tours of Paris, several days on Swiss Lakes and motoring along the Bay of Naples and along the Riviera. It also includes places of literary and historical interest, cities of medieval art treasures and the industrial centers of Europe. The itinerary has been arranged so as to combine the scenic and educational features of the countries visited.

Among the cities to be visited are: Cherbourg; Paris; Avignon; Nice; Genoa; Rome; Naples; Florence; Venice; Milan; Lucerne; Interlaken; Heidelberg; Cologne; Brussels; Amsterdam; The Hague; London; and Southampton, from which place the party will sail. A steamer trip up the Rhine will be made, as well as trips through the Shakesphere Country and a visit to Oxford.

Professor Strong has conducted a number of tours through Europe and is an experienced conductor, having conducted a similar tour last summer. He has engaged in publicity and newspaper work in Cuba and Mexico, and was exchange professor to Chile from the University of Washington in 1917-18. He was for a number of years a member of the faculty of Boston University, both in the home university and in Havana.

"It won't be long," said the cat as he got his tail in the lawn mower.

Sloan Bros. Drug Store will be open during the dance Friday night.

## PRESIDENT SPEAKS ON CLEMSON'S LIFE

Dr. E. W. Sikes Outlines Life of Founder Before Charleston Alumni

(Charleston News & Courier)  
Dr. E. W. Sikes, president of Clemson College was entertained at dinner at the Francis Marion Hotel by the Clemson College Club of the city. Beside many of the local alumni of the college many of those living at a great distance from Charleston attended the affair. The entertainment was of a thoroughly informal nature, and Dr. Sikes delivered the only address of the evening. He spoke on the appropriate subject of Col. Clemson, his life and works.

The following sketch of Col. Thomas G. Clemson's life and works is taken from the address delivered by Dr. Sikes. Born in Philadelphia, in 1808, Clemson was a daring youth, who at the age of sixteen left his home and took up his abode in Paris, where he attracted considerable attention and joined in the uprising against Charles X to help Louis Philippe ascend the throne. He was soon after this sent to the School of Mines of the University of Paris by his new-found friends. After his graduation, he returned to Washington and opened a mining office in that city, where he developed a great admiration for John C. Calhoun, who at that time was a great power in the capital. He later became Calhoun's intimate friend and married his brilliant daughter, Anna-Maria, with whom he came to South Carolina to develop her father's prospective gold mine on his property in Georgia.

Where the town of Saluda now stands, Clemson purchased a farm for himself which he worked with his own hands. In 1844, he was sent to Belgium as representative of the United States where he remained for six years, deeply interested in art and agriculture. At his father-in-law's death in 1850, he reopened his offices in Washington whence he took many business trips to Cuba and South America. He was, for a time, practically secretary of agriculture, although that post had not yet been officially created, and gave great assistance in establishing the Maryland College of Agriculture in 1856.

When the Civil War broke out, he enlisted in the Confederate Army along with his son, and was placed in charge of the mines and metal works of the western front of the Confederacy. At the close of the War Between the States, he moved to Pendleton and bought the Calhoun farm which was being sold at the foreclosure of a mortgage, but was soon overtaken by misfortune, when his son was killed in a wreck and his daughter, who had married in the North, died.

He and Mrs. Clemson later made a mutual will by which their property was to go toward the founding of a school for the teaching of agriculture, mechanics and art. In 1818, Mr. Clemson died, and a few years later, Clemson College was founded and began its career.

## WINTHROP DAUGHTERS GIVE BENEFIT BRIDGE

Tuesday evening, March 16, the Clemson college chapter of Winthrop alumnae will be hostess at a bridge party to be given for the benefit of the scholarship fund supported by this organization. The party will be given at the Clemson College hotel and already a large number of tickets have been sold. The chapter carries a small scholarship fund with which graduates from the Calhoun-Clemson high school entering Winthrop college are helped defray their expenses. It is hoped that a substantial amount will be realized from this party for this worthy cause.

The Bell Telephone Company of Columbus is employing a hundred students from the Ohio State University as instructors in the use of the new automatic phones.

## Resists Corrosion

THIS picture, taken in the salt marshes near Kearny, N. J., shows two lines of 30-inch Cast Iron Pipe replacing pipe made of other material. The alternate exposure to the action of salt water and air is a severe test.

While the pipe shown in the picture is subjected to unusual corrosive influences, all underground pipe must be able to withstand corrosion to a greater or less degree. Cast Iron Pipe has this quality. It does not depend on its coating to resist rust; the material itself is rust-resisting. The first Cast Iron Pipe ever laid is in service today at Versailles, France, after two hundred and sixty years' service.

## SPORTS

## TIGERS TO MEET TECH IN ATLANTA

## SPORTS

Now since the regimental football championship is decided and the trophy awarded to the "B" company team, the eyes and interests of the cadets may be focused with undivided attention on the budding spring sports. This week-end marks the opening of the baseball season for the Tigers. The bill for this week calls for two games to be played Friday and Saturday with Georgia Tech in Atlanta, and the Tigers are ready to deliver the goods.

During the few warm days that have been scattered along through the last two months, the candidates for the Tiger nine have been steadily at work, practicing every minute that the weather would permit, and some times when it was really too wet and cold for baseball they were out on the field getting getting in shape for play. As a result of this, these men have worked into shape a very efficient ball club that expects to make a record run in southern baseball this spring.

The absence of Lefty Smith, star pitcher may be sorely felt if he is not able to make the trip to Atlanta. Lefty injured his ankle while sliding into second base last week and has been hors de combat ever since. He has been on crutches for several days, and it is doubtful that he will be able to take the mound in time for the Tech games.

Coach Richards is well pleased with the progress made in recent work-outs, and expects to see some big things doing when the Tigers go up against Tech's baseballers. The Corps is expecting a couple of victories, Team. Let's have these two and then get one victory for every game billed this year, and make this season a howling success.

Friday is not only the date set for the Tigers' debut on the diamond but is also the time for the much anticipated Taps Carnival. The Taps staff has been busy for some time making preparations for this gala occasion, and the cadets are making more preparations to attend. According to popular information, every cadet and his girl will be at the dance Friday night, and each one says that he is going to have the highest time imaginable. Bottoms up to the ladies and the dance.

Candidates for freshman baseball were called out for practice Monday afternoon, and the response was large. About fifty of the "new boys" appeared for duty and Coach Tink Gillam put them to work at once. Among the candidates are some who have made splendid high school records. All are showing much interest in the practice, and things look fine for a good Baby Tiger machine.

## BOXING, WRESTLING TEAMS UNDER WAY

Manly Sports, Hitherto Little  
Noticed Here, to Get  
Training

Plans are now under way for the organization of boxing and wrestling teams at Clemson, forms of sport which have never received much attention at Clemson although very much practiced at other colleges.

The wrestling team will be coached by Prof. Dennis Kavanaugh and the boxing team will be in charge of Ernest W. Carpenter until an instructor can be secured. Equipment is being secured for the Y. M. C. A. gym, and mats and gloves have already been obtained.

Instructions will start in a few days, and anyone who does not find getting his beauty marred by

a few punches from a soft glove is invited to attend. The classes will be chiefly for those who have never had any experience in the line, so they are open for all. Juniors are especially urged to try their skill so that some plans can be made by Captain Carpenter for the organizing of a team for the R. O. T. C. camp this summer.

Five men will be required for each of the following classes: 115 to 125 lbs., 125 to 135 lbs., 135 to 145 lbs., 145 to 158 lbs., 158 to 175 lbs., and over 175 lbs.

## BAND GIVES SUNDAY CONCERT IN CHAPEL

The band gave a very entertaining concert in Chapel Sunday afternoon. The program consisted of marches and overtures. As a surprise number Miss Betty Hutchins, of Spartanburg, gave a contralto solo. The whole program was enjoyed by the audience, from the first number through the closing "William Tell Overture."

## TIGER NINE TO PLAY OPENING GAMES WITH GA. TECH IN ATLANTA

Tiger Ball Club Ready for  
Baseball After Four Weeks  
of Hard Practice

The long-awaited beginning of the baseball season is near. The team leaves Friday morning for Atlanta where they will play the first games of the year with Georgia Tech on Friday and Saturday. After four weeks of training, under adverse conditions, the team has got into shape under the careful direction of Coach Cul Richards, and is now ready to launch forth from the Lair to meet their first enemy on the nineteenth.

The lingering winter and the late coming of spring have been a drawback to practice, but in the few warm days that have been scattered along through February and March, the Tigers have put in some valuable time in getting into form. Coach has been trying various combinations in the infield, and the results have proved to be successful. Manning, Hughes, Dunlap, and Abbott are showing up well, and, although the probable line-up has not been announced, these men stand a splendid chance of battling against Tech. The pitching staff will be slim unless "Lefty" Smith's ankle, which he injured last week when he slid into second base, permits him to get into action. He has been unable to practice for some time on account of his ankle but it is hoped that he will be able to take the mound Friday, since he is a mainstay on the pitching staff. Harmon, "Wax" Martin, Hane, and Walt Martin have been showing up well as twirlers, and these will probably be depended upon to carry on against the Tech Jackets.

The team, although weak at the bat, is strong on defensive, and promises to make the opposing team earn every run that they might score. The batting is expected to pick up soon, and make a hard hitting, fast fielding, air-tight, Tiger ball club. All the dope points to a winning nine this season, and at present the situation looks mighty good. Let's have those games from Tech to start the ball rolling, and make a clean sweep of the schedule this year.

## TRACK MEN WORK OUT UNDER COACH BUD SAUNDERS

First Meet Will Be On April 3  
With Strong Furman Team  
in Greenville

Things are beginning to look bright for Clemson in track this season. Riggs Field is surrounded by an endless stream of white uniforms every afternoon. The track candidates move around the track in rhythmic order, some exercising the arms and body, some striding, some performing the difficult kicking exercises, some sprinting, and some just simply jogging along to keep warm.

Every man is giving his best for his respective event, whether it be sprinting, middle-distance running, distance running, or the field events. They are all endeavoring to uphold the high standard in track which Clemson has set in the south.

All of the men have passed the sore-muscle stage and are now ready for the real hard work. The first meet of the season is only a little over two weeks away, but indications point that the team will be all set for their initial performance.

Coach Bud Saunders has charge of the coaching this season. He succeeds Coach W. D. Reed who

## VARSITY BASEBALL AND TRACK SCHEDULE BASEBALL

March 19—Georgia Tech in Atlanta.  
March 20—Georgia Tech in Atlanta.  
March 25—Furman at Clemson.  
March 27—Furman at Greenville.  
April 3—Wofford at Spartanburg.  
April 7—Auburn at Auburn.  
April 8—Auburn at Auburn.  
April 13—Presbyterian College at Clemson.  
April 15—Erskine at Due West.  
April 16—Newberry at Newberry.  
April 17—South Carolina at Columbia.  
April 21—N. C. State at Clemson.  
April 22—Davidson at Clemson.  
April 23—Citadel at Clemson.

May 4—Erskine at Clemson.  
May 7—Duke at Clemson.

## TRACK

April 3—Furman at Greenville.  
April 10—Tech Relay Carnival at Atlanta.  
April 17—Georgia at Athens.  
April 24—Georgia Tech-Davidson-Clemson Triangular Meet at Clemson.  
May 1—State Meet at Clinton.  
May 15—Southern Conference Meet at Chapel Hill.

left last year.

The first opponent of the season will be Furman in Greenville on April 3rd. Furman has all of the stars from her last years team back this year and she should have a good team. Hammett, the winner of the 100 and 220 yard dashes in the state meet last season is in good shape for a duplication of his records of last year. Meeks, who is a fast stepper of the hurdles, is also back.

Captain Roy of the Tiger team has been confined to his bed for the past few days with an attack of the "flu." Roy should come through with another success again this spring. He was a mainstay of the Tiger team last year. He made several records on the 440, which will undoubtedly stand for a long time. He expects to be out in uniform in the next few days.

Ross O'Dell, who has made such a name for himself in pole-vaulting, has also been sick, but will be out for training in a short while. Newman, another star, who runs the half-mile, was sick last week and this slowed up his training a little, but he intends to regain all lost ground before the meet.

—R. H. M.

## RAT BASEBALL MEN REPORT TO GILLAM

The initial call for freshman baseball candidates was issued last Monday. A vast throng of rats answered the call. It is evident that there will be some very keen competition for berths on the team this year. There seems to be a good supply of pitchers on hand. This position is usually hard to fill, but there will be no trouble in filling it this year because there are several star pitchers out who have made wonderful records in high school.

Coach "Tink" Gillam will have charge of the "Rats" this spring. He assures us that he will do his utmost to make a winning team. The freshman have always had a good team and it is hoped that they will maintain their good record.

Drop in Sloan Bros. Drug Store for a drink during the dance.

"May I print a kiss on your lips?" he said  
And she nodded her sweet permission.  
So they went to press  
And I rather guess  
They printed a full edition.
